

## Investments in Defence and Security under the National Recovery and Resilience Plan (NRRP)

Due to the utilisation of the NRRP funds intended to promote investments in defence and security, loans under this loan programme are approved on favourable loan terms and conditions (interest rates and fees).

### 1. Borrowers

#### Private sector business entities

- Private sector business entities that perform economic activity, regardless of their size and legal form, that are registered with headquarters in the Republic of Croatia (companies, crafts businesses, and other legal entities and natural persons - sole traders)

#### Public sector entities

- Local and regional government units (municipalities, cities and counties - LRGUs), **exclusively for commercial (economic) activities**
- Companies, institutions and agencies owned or majority-owned by LRGUs and/or the Republic of Croatia

Entities that belong to the category of companies in difficulties cannot be borrowers.<sup>1</sup>

### 2. Purpose of Loans

- Investments in fixed assets (tangible and intangible assets<sup>2</sup>) necessary for the implementation of strategic investments in defence and security in accordance with the General Eligibility Criteria such as:
  - construction of protective facilities and civil protection infrastructure
  - construction and modernisation of dual-use infrastructure
  - investments in cybersecurity
  - modernisation of enterprises
  - research, development, and innovation in the military-security industry, including software, mechanical, electrical, electronic, and aerospace technologies
- Working capital up to 30% of the contracted loan amount (working capital necessary for the implementation of strategic investments in defence and security as well as liquidity of entities engaged in defence and security)

Investments must be aligned with the relevant EU legislation and valid national regulations on environmental protection and "Do No Significant Harm" – DNSH principle as determined in the Technical guidance on sustainability proofing for the InvestEU Fund (2021/C280/01)<sup>3</sup>.

<sup>1</sup> Companies in difficulties in accordance with the provisions of Article 2, item 18 of the Commission Regulation (EU) No 651/2014 of 17 June 2014 declaring certain categories of aid compatible with the internal market in application of Articles 107 and 108 of the Treaty (OJ L 187 of 26 June 2014, hereinafter: Regulation: 651/2014), i.e. the provisions of the Regulation in effect at the moment of loan approval

<sup>2</sup> Intangible assets – investments in licenses, software, patents and other long-term intangible rights needed to implement investments in defence and security

#### 8. Fees

- Loan application processing fee: no fee
- Other fees in accordance with the Ordinance on Fees for HBOR Services

#### 9. Period and Manner of Loan Disbursement

- Generally, disbursement period is up to 12 months. Depending on the purpose and the dynamics of investment, it is also possible to approve a longer period of loan disbursement

##### Private sector business entities

- Loan can be disbursed in a single amount or successively by payment to the account of seller/supplier/contractor based on the documentation evidencing the use of loan for earmarked purposes
- Part of the loan intended for the financing of working capital can be disbursed to the account of the borrower with obligatory justification by documentation evidencing the use of loan for earmarked purposes

##### Public sector entities

- Loan can be disbursed in a single amount or successively:
  - By payment to the account of seller/supplier/contractor based on the documentation evidencing the use of loan for earmarked purposes, where the part of the loan intended for the financing of working capital can be disbursed to the account of the borrower with obligatory justification by documentation evidencing the use of loan for earmarked purposes
  - By payment to the borrower's account with subsequent notification and delivery of evidence to HBOR on the completion of the project

#### 10. Period of Repayment

- Up to 20 years, with up to 3-year grace period included, depending on the purpose and structure of investment (grace period may be longer in case of justified project needs)

#### 11. Manner of Repayment

Generally, in equal monthly, three-monthly or semi-annual instalments
