

Schedule 2 – Insurance Programme**PROGRAMME FOR THE INSURANCE OF
EXPORTERS' WORKING CAPITAL LOAN PORTFOLIO
PO-OP-01/20**

Programme for the Insurance of Exporters' Working Capital Loan Portfolio (hereinafter: Insurance Programme) is implemented by the Croatian Bank for Reconstruction and Development (hereinafter: Insurer) within the framework of its export credit insurance activities performed for and on behalf of the Republic of Croatia.

The Insurance Programme is intended for banks¹ (hereinafter: Insured) that have an operating license in the Republic of Croatia and fulfil the following criteria:

1. Performance indicators:
 - Supervisory measures in respect of the Insured are not being undertaken, i.e. there are no imposed supervisory measures by regulators that could operate towards capital adequacy exhaustion,
 - The Insured has not, in the period of the last three years, at unconsolidated level, operated with a loss for two consecutive years,
 - Capital ratios and capital buffers of the Insured, on unconsolidated basis in each of the last three years, meet the conditions set out by the capital adequacy regulatory requirements;
2. Availability of information on quality of portfolio of working capital loans or comparable loans on the basis of which the Insurer may set conditions for the minimum acceptable credit rating of the borrower and determine the premium rates based on the rating scale of the Insured.

The Insurance Programme enables the insurance of working capital loans in the amount of up to EUR 132,722.81 with the Repayment period of up to 1 year (as an exception of up to, and including, 2 years if the Exporter's trade cycle is longer than 1 year). The loans are approved by the Insured to small and medium-sized companies in the Republic of Croatia having generated the operating income of up to EUR 6,636,140.42 in the last business year (this category includes start-up entrepreneurs also) and that, at the time of the Loan disbursement, have unrealised or unpaid Export Contracts in the Loan amount or have generated at least 30% of their operating income from export revenues² in the past financial year, for which official annual financial statements are available (hereinafter: Exporters).

The Insurer will conclude the Portfolio Insurance Agreement with an individual Insured, and by this Agreement, their business cooperation on the implementation of this Insurance Programme is established. By this Agreement, the Insurer provides insurance against non-payment for the Loans that the Insured has included in the Portfolio with 80% coverage for the principal and contracted interest (regular interest, interest during disbursement period, and interest during grace period).

Integral parts of the Portfolio Insurance Agreement are, among others, the General Terms and Conditions of Insurance of Exporters' Working Capital Loan Portfolio (hereinafter: General Terms and Conditions) that contain the rights and obligations of the Insured and the Insurer. In the case of discrepancy between any provisions of the General Terms and Conditions with those of the Insurance Programme, the provisions of the General Terms and Conditions shall apply.

¹ The Croatian Bank for Reconstruction and Development will prove the fulfilment of criteria for eligibility of banks in an appropriate way.

² The complete Eligibility criteria for the inclusion of loan in the portfolio and the Eligibility criteria for the change of the loan repayment period due to business reasons can be found on pages 3 to 5 of this Insurance Programme.

The Insurer shall charge the Premium for the Loan insurance from the Insured. **The annual premium rates adjusted** for 80% coverage by the insurance, based on the rating scales of the most prestigious rating agencies, are listed in the following table. By the Portfolio Insurance Agreement concluded with an individual Insured, the mentioned premium rates will be mapped on the rating scale of the Insured:

Credit quality	Standard&Poor's	Fitch	Moody's	Annual premium rate
Highest quality	AAA	AAA	Aaa	0.32%
Very high creditworthiness	AA+	AA+	Aa1	
	AA	AA	Aa2

	B	B	B2

For small and medium-sized enterprises with no credit history or the assessment based on the balance sheet approach, the safe harbour premium is set at 3.04%, but can never be lower than the premium that would apply to a parent company or subsidiaries.

For an individual Loan, the Premium is calculated as multiplication of the Loan principal amount, the Loan duration in years³ and the Annual premium rate. The Premium is stated and charged in EUR, and the selling rate of the Croatian Bank for Reconstruction and Development at the date of issue of the invoice by the Insurer is applied for calculation.

Loan approval is performed independently by the Insured in accordance with its own assessment of the Exporter's creditworthiness and in accordance with its own procedures. In this respect, the Loan that the Insured wishes to include in the Portfolio must fulfil the **Eligibility Criteria for the inclusion of loan in the portfolio defined by this Insurance Programme** and the Portfolio Insurance Agreement. Within the framework of the Portfolio Insurance Agreement, the **eligibility criteria related to the Exporter's rating in accordance with the Insured's methodology** as well as the Highest portfolio volume will be determined.

The Insured includes Loans in the Portfolio in the manner that, upon the expiry of each Calendar quarter, it submits to the Insurer the Notification on inclusion that will contain the data on all loans that it wishes to include in the Portfolio and for which the Loan Contract has been concluded in that Calendar quarter. Pursuant to the mentioned Notification, the Insurer shall submit to the Insured invoice for the Premium. The Insured is obliged to report quarterly to the Insurer on the Loan balance, on repaid Loans, on the change of the Loan repayment term, and once a year on recovery of the Loans for which the Indemnity was paid.

In the case of non-payment under the Loan, the Insured shall submit to the Insurer a Claim upon the expiry of 30 calendar days from the Day of calculation and shall enclose the documentation defined by the General Terms and Conditions. The Insurer will give its response regarding the submitted Claim

³ When calculating the Loan duration in years and the Extension of the loan repayment period in years, the number of days in February is always taken to be 28 irrespective of whether the year is a leap year or not.

within 35 calendar days. In case the Claim has been accepted, the Insurer will pay the Indemnity in the amount of 80% of the Loss to the Insurer within 10 calendar days.

The Indemnity is stated and paid in the Loan currency or upon request of the Insured in EUR equivalent amount at the selling rate of the Croatian Bank for Reconstruction and Development on the payment date.

Before the Indemnity payment, the Insured shall conclude the Recovery Contract with the Insurer by which, among others, their rights and obligations in respect of receivables collection under the Loan after the Indemnity payment are regulated.

Recovery from the Exporter after the paid Indemnity is made by the Insured independently, for its own and for the Insurer's claim. In case of recovery, the Insured shall be obliged to forward to the Insurer 80% of the collected amount.

The Insurer shall compensate the Insured for 80% of incurred Enforced Collection Costs, provided that the Insured has obtained a prior or subsequent written consent for the mentioned Costs from the Insurer.

For Loans included in the Portfolio, for which no Indemnity has been paid, the Insured is authorised to modify the Loan repayment term on its own if the Extension of the Loan repayment period is shorter than 6 months or equals 6 months; in this case, the Insured is not obliged to pay an additional Premium. If the Extension of the Loan repayment period is longer than 6 months, then the Insured is authorised to modify it on its own, provided that such Change of the Loan repayment period is made due to business reasons, i.e. further need of the Exporter for working capital and provided that on the day of the change approval, the Eligibility criteria for the change of the loan repayment period due to business reasons have been met. In the mentioned case, the Insured is obliged to pay additional Premium to the Insurer.
